### **Envi Con Opens Branch in Cologne**

Date: July 7, 2011

#### **Strengthening Our Expertise in the Areas of Power and Waste-to-Energy Plants**

Dear Customer and Business Partner,

Over the past 10 years Envi Con has grown to become a leading provider of general and detailed engineering as well as of holistic project development in the areas of power plant technology and waste incineration plants. Up to now all the necessary professional expertise has been concentrated in our company headquarters in Nuremberg.

In the scope of our targeted and strategic advancement we opened a new branch in Cologne on Feb. 1, 2011. Our address there is:

**Envi Con & Plant Engineering GmbH  
Cologne Branch  
Gottfried-Hagen-Strasse 20  
51105 Cologne-Gremberg**

**Phone: +49 221 4661 4110  
Fax: +49 221 4661 4480**

Our offices in Cologne will make an important contribution to the expansion of our customer and market-orientated concept through:

- Additional professional expertise in the areas of:
  - \* Waste incineration, Waste-to-Energy and biomass plants; for, among other things, boiler, combustion and auxiliary systems.
  - \* Conversion planning, optimization and partial renovation of existing power plants and waste incineration plants.

As well as through:

- Providing the shortest possible route to our customers and project sites in NRW.

We can rely hereby on extremely capable employees to help strengthen our business, some of whom came to us from the former AE&E Inova GmbH in Cologne.

## *Envi Con Opens Branch in Cologne*

We are especially pleased to have been able to gain **Mr. Jens Köster, our branch manager in Cologne**. He brings with him extensive experience from earlier leading roles with well-known plant construction companies.

Our new branch has the most up-to-date offices and conference rooms, as well as a modern IT infrastructure that allows for video conferencing.

Our Cologne branch is easy to get to thanks to the nearby train station (Köln-Deutz/Messe). For those arriving by car we have parking spaces for visitors.

Exterior view of Cologne branch (Envi Con is on the second floor)

We look forward to continued successful collaboration with you.

Best regards,

Envi Con & Plant Engineering GmbH

Falko Weber  
CEO

Rainer Alzinger  
CEO

Jens Köster  
Head of Branch Office Cologne
